# ABOUT US

**Quality, aesthetics & performance** are our standards. At Crown Composite, we believe architectural details define the character of a home. For over two decades, our team has handcrafted premium cellular PVC products that combine timeless design with modern performance.

**Designed & engineered** to be both beautiful and resilient, our products combine the timeless beauty of natural wood with the advanced performance of modern cellular PVC technology. This allows architects, builders, and homeowners to achieve stunning exterior finishes without the maintenance concerns associated with traditional materials.

## THERE IS MORE THAN JUST PLAIN WHITE PVC WINDOWS AND DOOR SURROUNDS

We offer 4 distinctive series to complement every style.  
3 surface textures, 8 stain colors, 20 solid colors,  
and semi-solid colors to choose from

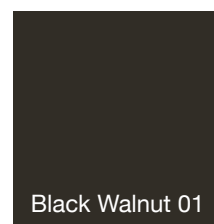

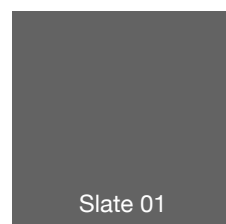

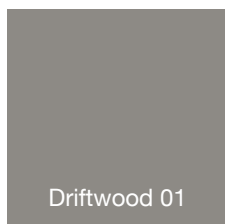

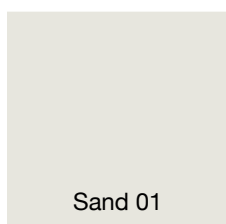

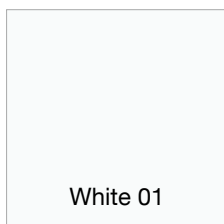

### STAINS

Custom colors  
available

### PAINT

## Advanced Fastening Systems

Our surround systems are designed for flexibility in installation and project requirements. Crown Composite offers four professional installation methods:

### 1. Integrated Nailing Flange

For direct installation with siding integration.

### 2. Stainless Steel Conceal Brackets

Hidden fastening for clean architectural lines.

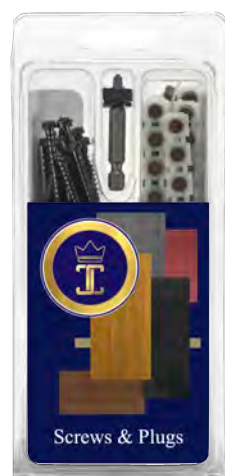

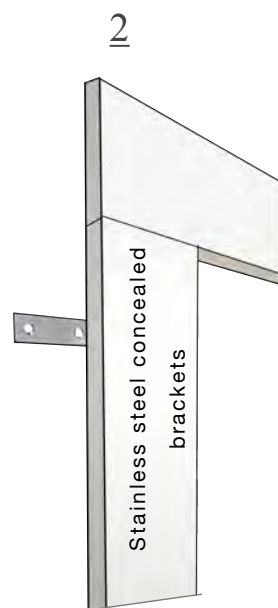

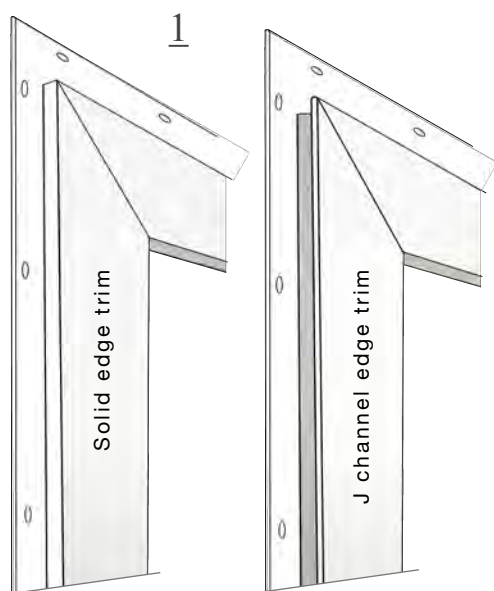

### 3. Color-Matched PVC Plug System

Factory-matched plugs with stainless fasteners.

### 4. Finish Nail, Color Putty+Paint touch-up.

For traditional trim installation techniques.

Each system ensures structural integrity while maintaining the aesthetic quality of the finished installation.

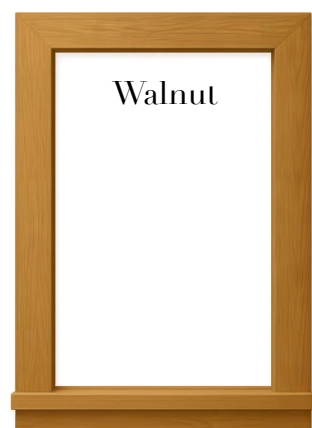

## OUR UNIQUE SOLAR REFLECTIVE PAINT & STAIN FINISH SYSTEM IS REDEFINING MODERN ARCHITECTURE

Mother Nature created wood beautifully. We have re-engineered that beauty to create some of the most realistic cellular PVC window and door surrounds available.

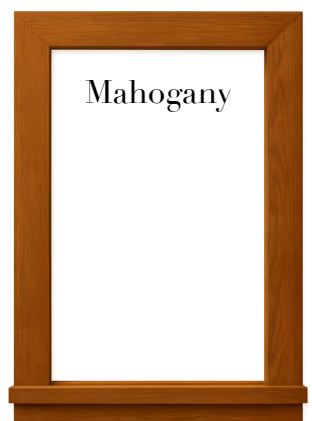

Choose from 3 textures, 8 stain colors, and 20 solid and semi-solid colors.

Dark colors are trending in modern architecture, but applying dark paint to PVC products can be challenging. To address this issue, we developed a solar-reflective paint and stain finish system specifically for our proprietary cellular PVC products. We offer more than 20 different colors to complement any design.

*Crown  
Fir Natural 02B*

*Crown

# WOOD GRAIN TEXTURE

## CLASSIC COLORS

Crown Composite wood grain texture is our most popular surface finish for all our trim and siding products. Proven over the years to be an excellent option for any project. Its rich, natural wood appearance provides a classic, authentic result.

Painted with our proprietary solar reflective Crown Pro-Tech finish system for an exceptionally durable finish for many years to come

Colors and textures are digitally captured from actual products. For sample requests, please contact us at [sales@CrownPVCproducts.com](mailto:sales@CrownPVCproducts.com)

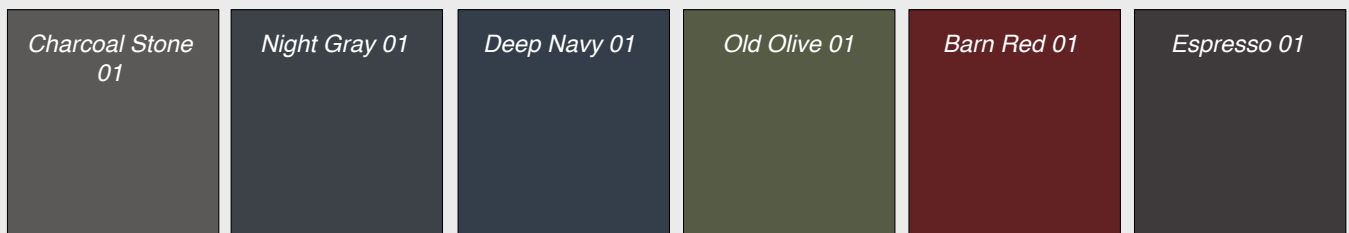

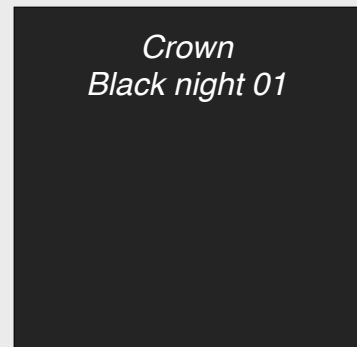

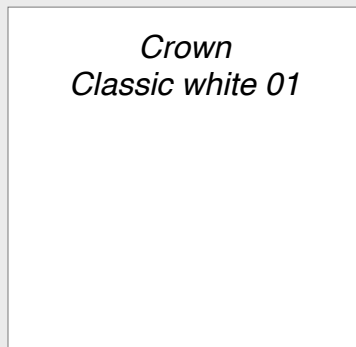

# SMOOTH SURFACE

## CLASSIC COLORS

Crown composite smooth surface is our classic surface finish for all trim and siding products. Its fine and smooth surface stays clean longer with minimal maintenance, and its simplicity has been preferred by many over the years.

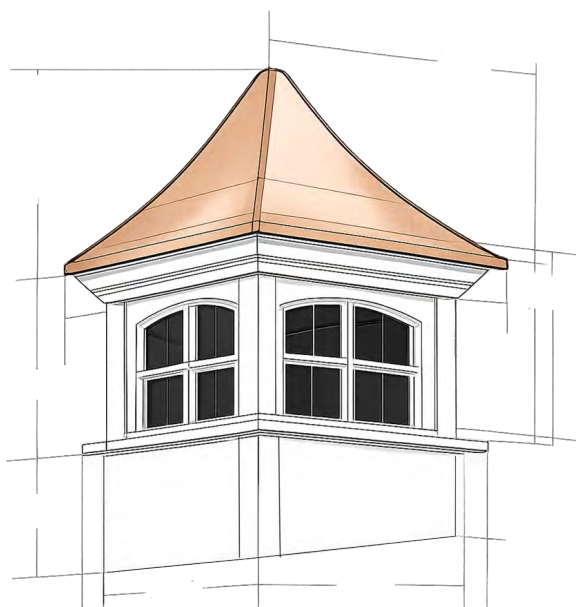

Painted with our proprietary solar reflective Crown Pro-Tech finish system for an exceptionally durable finish for many years to come

Colors and textures are digitally captured from actual products. For sample requests, please contact us at [sales@CrownPVCproducts.com](mailto:sales@CrownPVCproducts.com)

Our products are crafted using our proprietary Real White PVC materials available in 3 Textures, 8 Stain colors, and 20 Solid colors to choose from. Crown Composite PVC products are engineered for exceptional beauty, product integrity, and longevity.

**PVC CUPOLAS**

**PVC COLUMN WRAP**
