If the product fails to meet the terms of this limited warranty, Crown PVC products sole liability will be to either repair the substrate involved or refund the purchase price of the originally installed product. This warranty does not cover any direct or indirect, incidental, special, or consequential damages.

The labor or costs associated with the removal of any product or the application of any replacement coating are strictly determined by the purchasing price of the affected product. 1/3 of the purchasing price is the max allowance permitted under this guarantee.
